

Hire your own bus

Our beautifully restored heritage fleet of buses and coaches is probably one of the largest private collection of its type in the United Kingdom. Perfect for any occasion, we have extensive knowledge of most locations in Hampshire.

Our vintage buses and coaches all have their own unique history and add an extra special element to your event or journey.

By using Xelabus for your wedding day you can be confident that your guests will be transported in style and comfort to and from the service and reception.

It also gives your guests the opportunity to fully enjoy the event with the knowledge they don't have to drive at the end of the night.

We have both double and single deck vehicles available with varying seating capacities. Our vehicles are decorated specially for the occasion with bows and ribbons - and our drivers and crew in smart uniform.

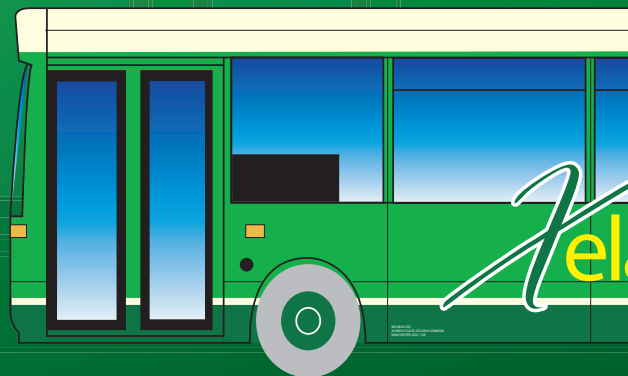

A member of our operations staff will be happy to meet with you to discuss your requirements.
